Hello Fellow TSAA Members:

Summer's over! It is hard to believe, time is going so fast...It is September, and school has started. Hopefully, cooler weather is on the way soon.

We have a busy club year ahead. In November, we will feature the Back Wall at the Tarpon Art Guild Gallery. From January to February, we will hold our fourth annual exhibit at Oldsmar City Hall. In March, we anticipate having tents at the Fine Arts Festival, though we are still awaiting confirmation from the Chamber of Commerce. April will bring our Spring Show. TSAA members can also participate in several other upcoming exhibits; you can find more details in this newsletter and the attached documents.

Many of our members stayed active over the summer by taking art classes, participating in exhibits, and winning awards.

Nancy Rhoads had a great trip to Prescott, Arizona and the surrounding area, to visit the Colored Pencil Society of America convention and her colored pencil piece "Back Story" was included in their annual show held in Prescott, Arizona. This was her 6th acceptance in this show! Congratulations, Nancy!

Sally Fuller was awarded three Honorable Mention Awards this summer: two at Stirling Gallery...one at their Animal House Exhibit (anhinga) and one (redwoods) at the "We the People Create" exhibit.
